MANAGEMENT DISCUSSION AND ANALYSIS REPORT**INDIAN ECONOMY****State of the Economy 2022-23: Recovery Complete**

Recovering from pandemic-induced contraction, Russian-Ukraine conflict and inflation, Indian economy is staging a broad-based recovery across sectors, positioning to ascend to the pre-pandemic growth path in FY23. Private consumption in H1 is highest since FY15 and this has led to a boost to production activity resulting in enhanced capacity utilization across sectors. The Capital Expenditure of Central Government and crowding in the private Capex led by strengthening of the balance sheets of the Corporates is one of the growth driver of the Indian economy in the current year. Economic growth to be boosted from the expansion of public digital platforms and measures to boost manufacturing output.

Retail inflation is back within RBI's target range in November 2022. Indian Rupee performed well compared to other Emerging Market Economies in Apr-Dec2022. Direct Tax collections for the period April-November 2022 remain buoyant. Enhanced Employment generation seen in the declining urban unemployment rate and in the faster net registration in Employee Provident Fund. India's GDP growth is expected to remain robust in FY24. GDP forecast for FY24 to be in the range of 6-6.8 %.

INDUSTRY STRUCTURE AND DEVELOPMENTS:

The sales of candies, toffees, and chewing gum bars in India broke records in the fiscal year 2022, reaching almost 40 billion units and growing the overall confectionery market by 13% to Rs. 12,127 crore. The surge in demand correlates with individuals preferring affordable sweet treats during Covid-ravaged economic conditions. Large companies such as Mondelez, Nestle, and Mars dominate the chocolate category, while regional firms account for over 35% of the confectionery market.

The market in India is primarily driven by the increasing demand for sweet treats and snacks as a form of indulgence and comfort food. In line with this, the rising popularity of gifting confectionery products for special occasions and holidays is significantly contributing to the market growth. Furthermore, the wide range of flavors and varieties available to consumers, including traditional and exotic flavors, is positively influencing the market. Apart from this, the expansion of the confectionery market and the ability of confectionery products to serve as an affordable and accessible form of luxury are catalyzing product sales across the country. Moreover, the widespread availability of confectionery products through e-commerce and online retailers is propelling the market.

Besides, the rapid innovations and creativity in product development, with many new and unique confectionery products being introduced, are expected to fuel the market growth. Additionally, the high-profit margins in the confectionery industry, which drives manufacturers to develop new products and expand their offerings, are anticipated to bolster the market expansion. Other factors driving the market growth include inflating disposable incomes of the consumers, the versatility of confectionery products for use in

a range of events and occasions, the development of sugar-free and reduced-sugar confectionery products, availability of kosher and halal certified confectionery products, the development of premium and high-end confectionery products, and widespread availability of seasonal and limited-edition confectionery products.

OPPORTUNITIES, THREATS, RISKS AND CONCERNS:

Key Confectionery Market Driver

The rising purchasing power of individuals is notably driving the confectionery market growth. Purchasing power refers to the number of goods or services that can be purchased for a given amount of money and is an indicator of current market conditions. Increasing consumer purchasing power in developing countries such as India, China, Brazil, Indonesia, Russia and South Africa, coupled with rising consumer spending and changing tastes, is leading to a growing middle-class segment of the population, especially regarding food choices. Therefore, consumers in these and other developing countries now have the financial means to purchase non-essential goods such as convenience stores and RTE packaged foods, including confectionery.

The increasing purchasing power of consumers in these emerging markets is an encouraging sign for players in the market. Moreover, the infrastructure of these countries has been significantly developed due to the rapid rate of urbanization. This has led to the emergence of various organized retail outlets that make confectionery easily accessible to consumers. Hence, the increasing purchasing power of individuals is one of the key factors behind the growth of the market during the forecast period.

Significant Confectionery Market Trends

Rising demand for organic chocolate is a key trend influencing the confectionery market growth. Organic chocolate is certified organic. Traditional chocolate uses cocoa beans and sugar grown with the help of chemical fertilizers, pesticides, herbicides, etc. However, due to the growing health consciousness of the world's population, healthy snacks have become popular in recent years and are in increasing demand. Organic chocolate-based snacks are gaining popularity due to the demand for healthier snacks.

PERFORMANCE:

At the instance, during the year 2022-23, our total turnover is ₹ 3710.66 Lakhs compared to Turnover of ₹ 2313 Lakhs in the previous year and total profit earned ₹ 34.70 Lakhs compared to turnover of ₹ 30.79 Lakhs in the previous year.

As the current production capacities are being fully utilized and in view of request from M/s. Mondeleze India Foods Private Limited, Principal client of the company for additional capacities, agreement with Reliance Retail Limited for supply of complete range of confectionery and potential demand from export market, there is urgency to increase production capacities to serve the order of customers identify, examine pros and cons of various options available to increase the production capacities either through acquisition of running facilities and adding capacities to existing facilities.

Opinion

We have audited the accompanying Financial Statements of **SAMPRE NUTRITIONS LIMITED** ("the company"), which comprise the Balance Sheet as at **31 March 2023**, the Statement of Profit and Loss, the Cash Flow Statement and the statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements, give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India;

- a) in the case of the Balance Sheet, of the state of affairs of the Company as at March 31, 2023;
- b) in the case of the Statement of Profit and Loss, of the profit for the year ended on that date; and
- c) in the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined that there were no such key audit matters to communicate in our report.

Responsibility of Management for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes the maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding of the assets of the Company and for preventing and detecting the frauds and other irregularities; selection and

application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of internal financial control, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Report on other Legal and Regulatory Requirements

As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the act, we given in the 'Annexure A' statement on the matters specified in the paragraph 3 and 4 of the order, to the extent applicable.

As required by section 143(3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss, and Cash Flow Statement dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards (Ind AS) specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- e) On the basis of written representations received from the directors as on 31 March, 2023, taken on record by the Board of Directors, none of the directors is disqualified as on 31 March, 2023, from being appointed as a director in terms of Section 164(2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in 'Annexure B', and
- g) With respect to the other matters included in the Auditor's Report in accordance with the Rule 11 of the Companies (Audit and Auditors) Rules, 2014, to our best of our information and according to the explanations given to us:

- I. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements.
- ii. Company did not have any long-term contracts including derivatives contracts for which there were any material foreseeable losses
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

- (a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- (b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and upto the date of this report.
- (c) The Company has not received any whistle blower complaints during the year (and upto the date of this report), and hence reporting under clause 3(xi)(c) of the Order is not applicable.

xii. The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.

xiii. In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, 2013 with respect to applicable transactions with the related parties and the details of related party transactions have been disclosed in the standalone financial statements as required by the applicable accounting standards.

xiv.

- (a) According to the information and explanation given to us, and in our opinion the company has an adequate internal audit system commensurate with the size and nature of its business.
- (b) We have considered the internal audit reports for the year, issued to the Company during the year and till date, in determining the nature, timing and extent of our audit procedures.

- xv. In our opinion during the year the Company has not entered into any non-cash transactions with its Directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- xvi.
- (a) In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b) and (c) of the Order is not applicable.

- xviii. There has been no resignation of the statutory auditors of the Company during the year.
- xix. On the basis of the financial ratios, ageing and expected dates of realisation of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xx. The Company is not required to make provision towards Corporate Social Responsibility (CSR), accordingly, reporting under clause 3(xx) of the Order is not applicable for the year.

Annexure - B to The Independent Auditor's Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **SAMPRE NUTRITIONS LIMITED** ("the Company") as of **31 March 2023** in conjunction with our audit of the INDAS Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS Financial Statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS Financial Statements for external purposes in accordance with

generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS Financial Statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

SAMPRE NUTRITIONS LIMITED

Notes to financial statements for the year ended 31st, March, 2023

1 Company Overview and Significant Accounting Policies :

a) Company Overview

Sampre Nutritions Ltd' (the company) is a public limited company incorporated under the provisions of the Companies Act applicable in India. The Company's shares are listed on Bombay Stock Exchange. The Company is into the activity of manufacturing of Sugar Candies. The principal place of business is situated at 133, TSIC Industrial Estate, Medchal-500401, Medchal Malkajgiri Dist, Telangana.

b) Basis of preparation of Financials Statements

The financial statements are separate financial statements prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time). The Company prepared its financial statements in accordance with accounting standards notified under the section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules, 2014 (Indian GAAP). The standalone financial statements have been prepared on the historical cost basis, except for the following assets and liabilities which have been measured at fair value

Certain financial assets and liabilities are measured at fair value (refer accounting policy regarding financial instruments). The standalone financial statements are presented in INR (Rupees)

2A Significant Accounting Policies

a) Property, Plant and Equipment & Depreciation

i) Recognition and Measurement

Items of property, plant and equipment are measured at cost less accumulated depreciation and impairment losses, if any. The cost of an item of property, plant and equipment comprises:

Its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates.

Any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

If significant part of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment.

Property, plant and equipment are derecognised from financial statement, either on disposal or when no economic benefits are expected from its use or disposal. The gain or loss arising from disposal of property, plant and equipment are determined by comparing the proceeds from disposal with the carrying amount of property, plant and equipment recognised in the statement of profit and loss account in the year of occurrence.

ii) Subsequent expenditure

Subsequent expenditure is capitalised only if it is probable that the future economic benefits associated with the expenditure will flow to the company.

iii) Depreciation

Depreciation amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value.

Depreciation on assets has been provided on Straight line basis at the useful lives specified in the Schedule II of the Companies Act, 2013. Depreciation on additions / deductions is calculated pro-rata from / to the month of additions / deductions.

Assets costing less than INR 5,000/- are depreciated at 100% in the year of acquisition.

b) Revenue recognition

Revenue is recognized to the extent it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractually defined terms of payment.

Interest income: Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

c) Inventories

Raw materials and stores, work-in-progress, traded and finished goods are stated at the lower of cost, calculated on weighted average basis, and net realizable value. Cost of raw materials and stores comprise of cost of purchase. Cost of work-in-progress and finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity. Cost of inventories also include all other cost incurred in bringing the inventories to their present location and condition. Costs of purchased inventory are determined after deducting rebates and discounts. Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale. Items held for use in the production of inventory are not written below cost if the finished product in which these will be incorporated are expected to be sold at or above cost.

d) Foreign Currencies

Functional currency: The functional currency of the Company is the Indian rupee.

Transactions and translations: Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign-currency-denominated monetary assets and liabilities are translated into the relevant functional currency at exchange rates in effect at the Balance Sheet date. The gains or losses resulting from such translations are included in net profit in the Statement of Profit and Loss. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at fair value are translated at the exchange rate prevalent at the date when the fair value was determined. Non-monetary assets and non-monetary liabilities denominated in a foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of the transaction.

Transaction gains or losses realized upon settlement of foreign currency transactions are included in determining net profit for the period in which the transaction is settled. Revenue, expense and cash flow items denominated in foreign currencies are

translated into the relevant functional currencies using the exchange rate in effect on the date of the transaction.

e) **Income tax**

Income tax expense comprises current tax expense and the net change in the deferred tax asset or liability during the year. Current and deferred taxes are recognised in Statement of Profit and Loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity, respectively.

Current tax: Current tax is measured at the amount of tax expected to be payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961. Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognized amounts and there is an intention to settle the asset and the liability on a net basis.

Deferred tax: Deferred income tax is recognised using the Balance Sheet approach. Deferred income tax assets and liabilities are recognised for deductible and taxable temporary differences arising between the tax base of assets and liabilities and their carrying amount, except when the deferred income tax arises from the initial recognition of an asset or liability in a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred tax assets are recognised only to the extent it is probable that either future taxable profits or reversal of deferred tax liabilities will be available, against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised. The carrying amount of a deferred tax asset is reviewed at the end of each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilised.

Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled. Deferred tax assets and liabilities are offset when there is a legally enforceable right to set current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

f) **Impairment of Assets**

Non Financial Assets : The carrying value of assets / cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists.

If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognised for such excess amount. The impairment loss is recognised as an expense in the Statement of Profit and Loss, unless the asset is carried at revalued amount, in which case any impairment loss of the revalued asset is treated as a revaluation decrease to the extent a revaluation reserve for that asset.

When there is indication that an impairment loss recognised for an asset (other than a revalued asset) in earlier accounting periods which no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, to the extent the amount was previously charged to the Statement of Profit and Loss. In case of revalued assets, such reversal is not recognised.

Financial assets: The Company assesses on a forward-looking basis the expected credit losses associated with its financial assets. The impairment methodology applied depends on whether there has been a significant increase in credit risk. For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

g) Provisions and Contingent Liabilities

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance Sheet date.

If the effect of the time value of money is material, provisions are discounted to reflect its present value using a current pre-tax rate that reflects the current market assessments of the time value of money and the risks specific to the obligation. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

Contingent assets are not recognised in the Financial Statements.

h) Non-derivative financial instruments

Financial assets and liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability.

(a) Financial assets

Cash and cash equivalents For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Trade Receivables and Loans: Trade receivables are initially recognised at fair value. Subsequently, these assets are held at amortised cost, using the effective interest rate (EIR) method net of any expected credit losses. The EIR is the rate that discounts estimated future cash income through the expected life of financial instrument.

Debt Instruments: Debt instruments are initially measured at amortised cost, fair value through other comprehensive income ('FVOCI') or fair value through profit or loss ('FVTPL') till derecognition on the basis of (i) the entity's business model for managing the financial assets and (ii) the contractual cash flow characteristics of the financial asset.

Equity Instruments: All investments in equity instruments classified under financial assets are initially measured at fair value, the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis.

(b) Financial assets– Subsequent measurement

Financial assets at amortised cost: Financial assets are subsequently measured at amortised cost if these financial assets are held within a business whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at fair value through other comprehensive income (FVTOCI): Financial assets are measured at fair value through other comprehensive income if these financial assets are held within a business whose objective is achieved by both collecting contractual cash flows that give rise on specified dates to solely payments of principal and interest on the principal amount outstanding and by selling financial assets.

Financial assets at fair value through profit or loss (FVTPL): Financial assets are measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through other comprehensive income on initial recognition. The transaction costs directly attributable to the acquisition of financial assets and liabilities at fair value through profit or loss are immediately recognised in profit or loss.

(c) Financial liabilities

Loans and borrowings: After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost on accrual basis.

Financial guarantee contracts: Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognized initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognized less cumulative amortization.

(d) Financial liabilities - Subsequent measurement

Financial liabilities are measured at amortised cost using the effective interest method. For trade and other payables maturing within one year from the balance sheet date, carrying amounts approximate the fair value due to the short maturity of these instruments.

(e) Derecognition

The Company de-recognizes a financial assets when the contractual rights to the cash flows from the financial asset expires or it transfers the financial assets and the transfer qualifies for derecognition under Indian Accounting Standard 109 "Financial Instruments". A financial liability (or a part of financial liability) is de-recognised from the Company's balance sheet when the obligation specified in the contract is discharged or cancelled or expires.

(f) Offsetting of financial instruments

Financial assets and financial liabilities are offsetted and the net amount is reported in financial statements if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

i) Earnings Per Share

Basic EPS is computed by dividing the profit or loss attributable to the equity shareholders of the Company by the weighted average number of Ordinary shares outstanding during the year. Diluted EPS is computed by adjusting the profit or loss attributable to the ordinary equity shareholders and the weighted average number of ordinary equity shares, for the effects of all dilutive potential Ordinary shares.

2B Critical accounting judgments and key sources of estimation uncertainty

- a** The preparation of the financial statements in conformity with the Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities and disclosures as at date of the financial statements and the reported amounts of the revenues and expenses for the years presented. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Although these estimates are based upon management's best knowledge of current events, actual results may differ from these estimates under different assumptions and conditions.
- b** The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.
- c** **Critical Judgements** In the process of applying the Company's accounting policies, management has made the following judgements, which have the most significant effect on the amounts recognized in the financial statements:
- d** **Key sources of estimation uncertainty** : The key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

e **Income taxes:** The Company's tax jurisdiction is India. Significant judgments are involved in determining the provision for income taxes, including amount expected to be paid / recovered for uncertain tax positions.

f **Operating Cycle and Current versus non-current classification**

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification in accordance with Part-I of Division- II of Schedule III of the Companies Act, 2013.

An asset is treated as current when (a) It is expected to be realised or intended to be sold or consumed in normal operating cycle; (b) It is held primarily for the purpose of trading; or (c) It is expected to be realised within twelve months after the reporting period, or (d) The asset is cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period. All other assets are classified as non-current.

A liability is current when (a) It is expected to be settled in normal operating cycle; or (b) It is held primarily for the purpose of trading; or (c) It is due to be settled within twelve months after the reporting period, or (d) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period. Terms of a liability that could, at the option of the counterparty, results in its settlement by the issue of equity instruments do not affect its classification. The Company classifies all other liabilities as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its normal operating cycle.

36.2 Financial risk management

The Company's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance and support the Company's operations. The Company's principal financial assets comprise investments, cash and bank balance, trade and other receivables.

The Company is exposed to various financial risks such as market risk, credit risk and liquidity risk. The financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives.

a. Market risk

The Company's activities expose it primarily to the financial risk of changes in foreign currency exchange rates and changes in interest rates. There have been no changes to the Company's exposure to market risk or the manner in which it manages and measures the risk in recent past.

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: interest rate risk and currency risk. Financial instruments affected by market risk include borrowings and bank deposits.

i. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates is limited as the Company has only fixed deposit with bank.

ii. Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's Financial Liabilities. The Company's foreign currency risks are identified, measured and managed at periodic intervals in accordance with the Company's policies.

b. Credit risk

Credit risk is the risk that counterparty will default on its contractual obligations resulting in financial loss to the company. The Company has adopted a policy of only dealing with creditworthy customers.

In many cases an appropriate advance or letter of credit / bank guarantee is taken from the customers to cover the risk. In other cases credit limit is granted to customer after assessing the credit worthiness based on the information supplied by credit rating agencies, publicly available financial information or its own past trading records and trends.

At March 31, 2023, the company did not consider there to be any significant concentration of credit risk, which had not been adequately provided for. The carrying amount of the financial assets recorded in the financial statements, grossed up for any allowances for losses, represents the maximum exposure to credit risk.

c. Liquidity risk

The Company manages liquidity risk by maintaining adequate reserves and banking facilities, by continuously monitoring forecast and actual cash flows and by matching the maturity profiles of financial assets and liabilities for the Company. The Company has established an appropriate liquidity risk management framework for its short-term, medium term and long-term funding requirement.

The table below summarizes the maturity profile of the Company's financial liabilities based on contractual undiscounted payments:

(Rs. In lakh)

Particulars	Carrying Value	Less than 1year	1-5 years	> 5 years

37. Fair Value measurement

The fair value of the financial assets are included at amounts at which the instruments could be exchanged in a current transaction between willing parties other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair value:

- Fair value of cash and short term deposits, trade and other short term receivables, trade payables, other current liabilities, approximate their carrying amounts largely due to the short-term maturities of these instruments.
- Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counter party. Based on this evaluation, allowances are taken to account for the expected losses of these receivables.
